

activaAir® BP5000

Datasheet

activaTec®
PACKAGING INNOVATIONS

Item number	BP5000
Weight	6 kg
Dimensions (mm)	l 315 x w 300 x h 315
Production speed	20-33 m/min
Voltage	180 W
Layer thickness	13 - 40 µ
Cushions	✓
Mats	-
Pedal	✓
Sensor	✓

Air cushion machine

activaAir® – BP5000 – POWER

This system was developed especially for companies with a very high packaging effort. This POWER machine can produce approx. 1980 metres of air cushion pads per hour. Even in continuous operation, a manual roll change is due at least every 35 minutes.

The fast air cushion machine from activaTec® works completely autonomously and individually according to your needs - filling material on demand.
